# X-ACADEMY AT 18 MONTHS

We have a model that can accelerate the projects which will deliver jobs and net zero and create the white-collar experience capacity at the same time.

From Idea to partnerships to creating green jobs:

- Not-for-profit
- £1.25 M commitment from Morven JV (bp and EnBW)
- 50-50 gender split across science, technology, engineering, arts & mathematics

- International

But we need help to scale.
