# International Perspectives on incentives for offshore energy development

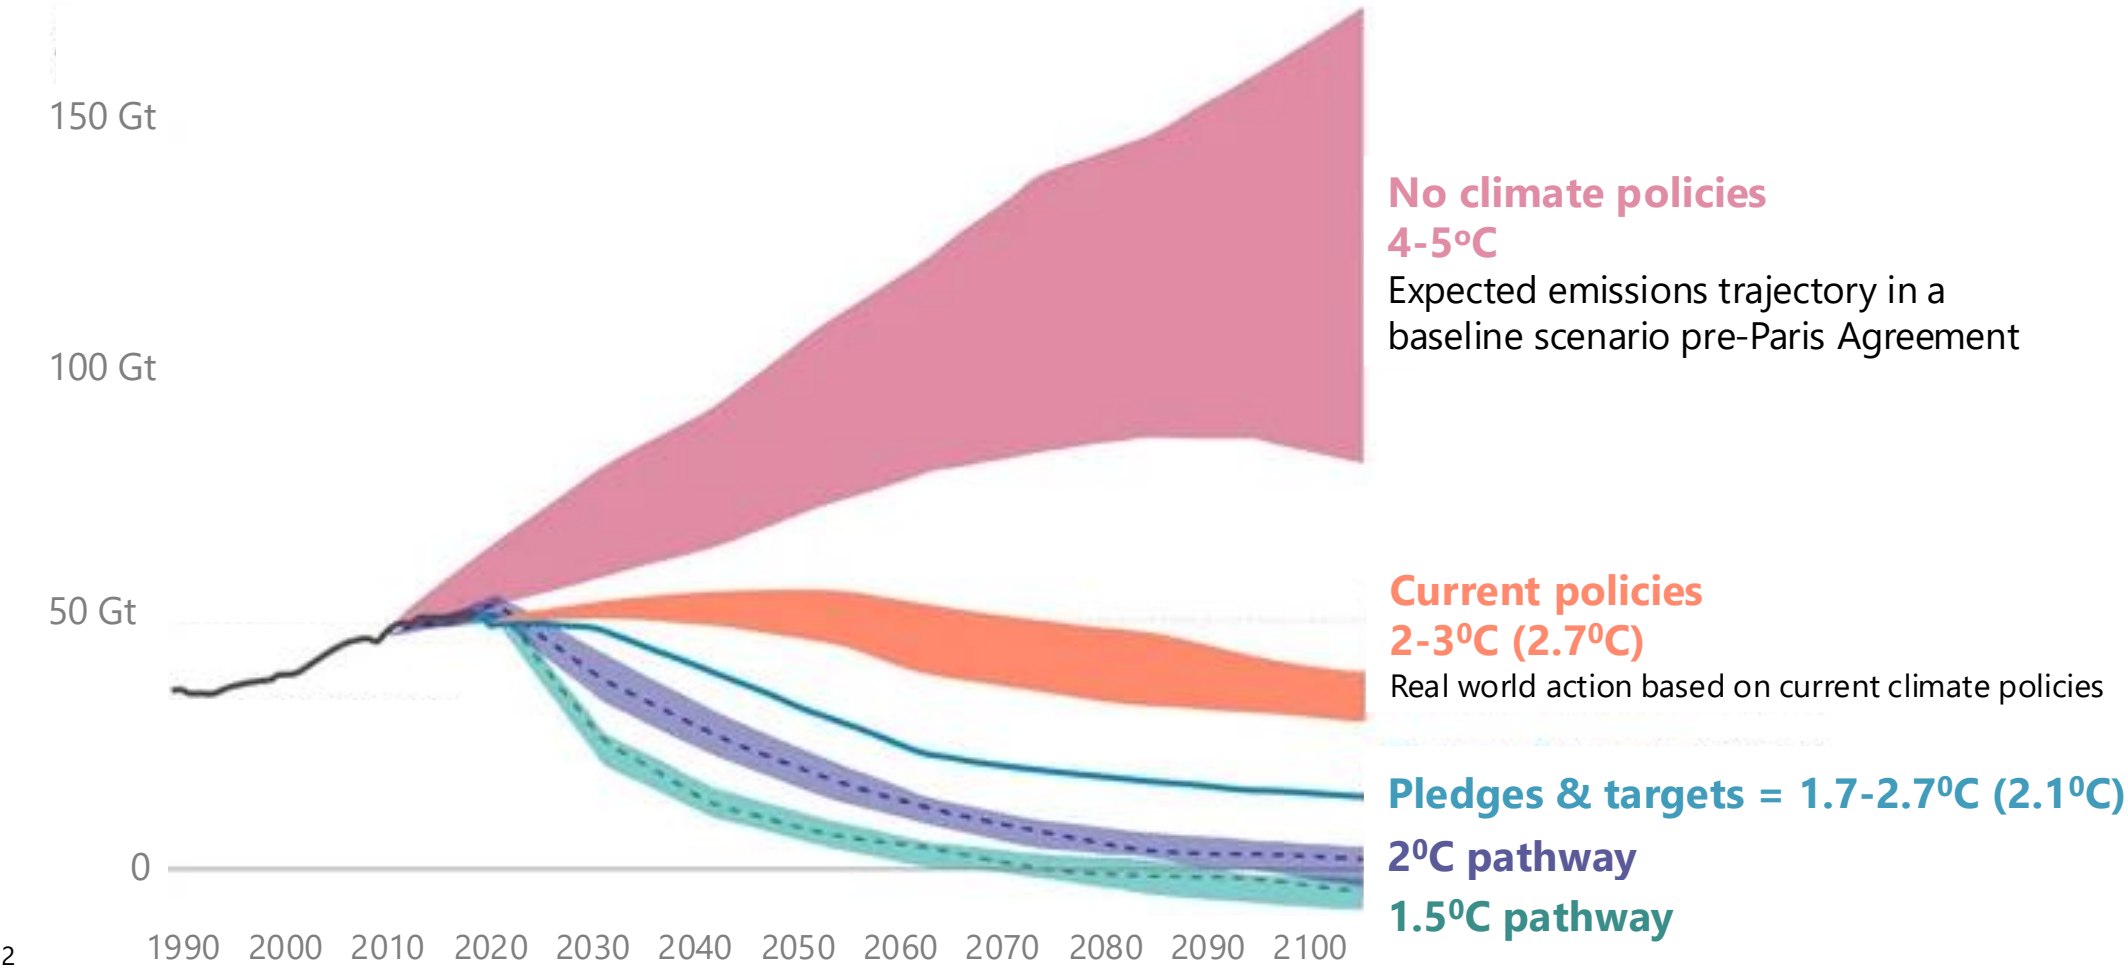

Global Energy & Infrastructure In Focus

Tara Schmidt  
Global SVP for Decarbonisation

10 Dec 2024

# The impetus for energy transition is clear

## Global GHG Emissions: projections & policy development

Source: Climate Action Tracker, Nov 2024 & COP26 2021 update

# Growth markets in the global energy transition

## Energy.

Energy Transition

Hydrogen	Carbon Capture	LNG
Renewable Energy	Power & Electrification	

## Materials.

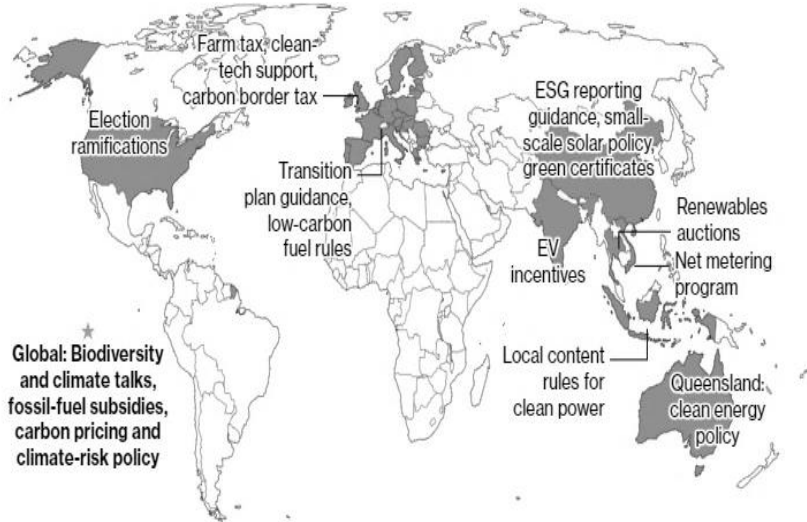

Sustainable Materials

Life Sciences

Mineral Processing	Waste to Energy	Pharma
Material Recycling	Sustainable Fuel & Feedstocks	

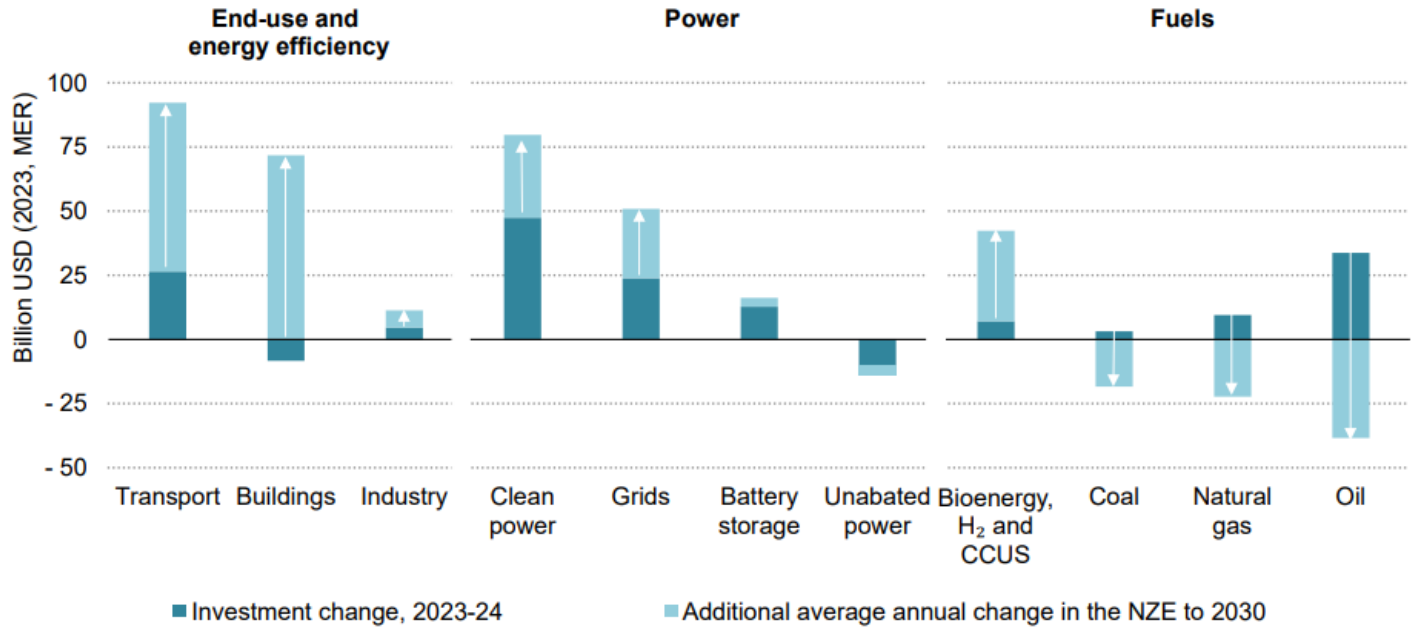

Decarbonisation across all markets

# Unlocking more finance for sustainable solutions

## IEA Investment Outlook

Source: IEA, World Energy Investment Report, 2024

# An engineering mindset to come together as:

- **problem solvers**
- **creators**
- **innovators**

The background of the image features a stylized wood grain pattern. The lines are wavy and run diagonally from the top-left to the bottom-right. The color palette is a gradient, starting with bright yellow in the lower-left and transitioning through light green to a deep teal in the upper-right. The word "wood." is centered in the image in a white, lowercase, sans-serif font.

wood.

Design the future.
